

painless::WorkingResult

result

painless::WorkingStrategy

parent

```
graph BT; WS[painless::WorkingStrategy] -- result --> WR[painless::WorkingResult];
```

The diagram illustrates a return relationship between two classes. A box labeled 'painless::WorkingStrategy' at the bottom has a dashed purple arrow pointing upwards to a box labeled 'painless::WorkingResult'. The arrow is labeled 'result'. To the right of the 'painless::WorkingStrategy' box, there is a purple hollow triangle pointing left towards the box, with the label 'parent' next to it.
